

MAHLE/Clevite BLC to open Sprints On Dirt season Saturday

Erie, MI (May 10, 2016) – Engine Pro sprints On Dirt presented by ARP heads to Crystal Motor Speedway this Saturday for the season-opening MAHLE/Clevite Beyond Limits Challenge Race #1.

Originally scheduled for April 30, Mother Nature had other ideas and persistent rain forced promoter Ron Flinn to postpone the race. The rescheduled date of May 14, however, keeps Crystal's tradition of holding the SOD season opening race intact.

Competitors will waste no time getting things going in a big way for 2016. Engler Machine & Tool, Lane Automotive, and COMP Cams will each pay \$100 to win for their respective heat races. The first race of the MAHLE/Clevite Beyond Limits Challenge five-race mini-series will pay \$400 to start the feature. The BLC five-race series will pay the top five drivers in points with the driver who scores the most points collecting \$1,000.

Racers needing methanol fuel before Saturday should call Allen Walblay @ Corrigan Oil (810-625-1170). Hoosier SOD spec tires will be available at the track Saturday.
