

# Register for the 2010 Season!

The first race is only a month away, so its time to register for 2010!

TULSA, Okla. (January 28, 2010) – Another action-packed year of Engine Pro ASCS Sprints on Dirt presented by ARP competition is just around the corner. And with that, 2010 Driver Registration forms are now available at via the link below.

Drivers planning on competing with the American Sprint Car Series in 2010 can register for just \$150.

Drivers do not have to be ASCS members to compete in ASCS sanctioned events, however drivers must be members to be eligible for contingency awards and year-end point fund monies and to be covered under the series' insurance policy.

Crew members may join as well for just \$100. Membership for drivers and crew members also assures a pit pass price of no more than \$30 at any Lucas Oil Sprint Car Series presented by K&N Filters event or any ASCS Regional event.
